General Memorandum 2012-2

DATE:  October 19, 2012

TO:  Cabinet Secretaries, Agency Directors and Elected Officials

FROM:  Eugene J. Moser, State Personnel Director

VIA:  Governor Susana Martinez

SUBJECT:  Military Leave for Federal Fiscal Year 2013

Governor Martinez has continued authorization for an additional 15 days of paid military leave in accordance with § 20-4-7 NMSA 1978, and directs all agencies to continue to comply as previously instructed.

Pursuant to Governor Martinez's directive and §20-4-7 NMSA 1978, state government employees who are members of the National Guard or Reserves and are mobilized by the President of the United States or the Governor of New Mexico in support of military and emergency or disaster operations are entitled to the additional 15 days of (paid) military leave. This paid leave is for the duration of the federal fiscal year 2013 (October 1, 2012 to September 30, 2013), and shall be in addition to the 15 days of (paid) military leave that is provided for in §20-4-7 NMSA 1978, for a total of 30 days of paid military leave.

Additionally, due to a number of military operations occurring domestically and abroad, many National Guard members and Reservists will use the 15 days of military leave during normal active duty training. The additional 15 days of military leave will enable the men and women of our armed forces to complete the training that is necessary prior
to mobilization and deployment. This training is essential to ensure that our troops possess the necessary skills and training to protect them and others.

When military leave is exhausted, state employees have the option of being placed on leave with pay (LWOP) or using accrued leave. State employees who exhaust their annual leave shall then be placed on LWOP for the remainder of time they are on active duty. State employee shall not receive pay or accrue leave while on LWOP.

For unusual and extenuating circumstances, additional military leave may be considered and/or approved. Requests of this nature should be forwarded to Eugene Moser, State Personnel Director, who will consult with General Salas. The approval of additional leave will be based upon the merits of the request.

State employees in the National Guard and Reserves who are called to duty are entitled to return to their former position or to a similar position with the same pay provided that they are still qualified to perform the duties of the position. State employees must return to work within 90 days of release from military service.

Upon return to work, the state employee shall be entitled to all of the rights and benefits based upon length of service he or she would have received had the military service not occurred. Therefore, all time spent while called to duty shall count for seniority, general pay increases, probation and annual leave accrual rate purposes. In addition, state employees that are on military leave shall be protected from a reduction in force.
