Classification Description

DIETITIANS AND NUTRITIONISTS

Class Title	Class Code	Pay Band	Alt Pay Band*
Dietitians and Nutritionists-B	K1031B	55	
Dietitians and Nutritionists-O	K1031O	60	
Dietitians and Nutritionists-A	K1031A	65	

**In accordance with SPB Rule 1.7.4.10 NMAC, the assignment to alternative pay bands shall be reviewed annually to determine their appropriateness.*

Occupation Description

Plan and conduct food service or nutritional programs to assist in the promotion of health and control of disease. May supervise activities of a department providing quantity food services, counsel individuals, or conduct nutritional research.

Nature of Work

Dietitians and nutritionists plan food and nutrition programs, supervise meal preparation, and oversee the serving of meals. They prevent and treat illnesses by promoting healthy eating habits and recommending dietary modifications. Dietitians manage food service systems for institutions such as hospitals and schools, promote sound eating habits through education, and conduct research. Many dietitians specialize, becoming a clinical dietitian, community dietitian, management dietitian, or consultant.

Distinguishing Characteristics of Levels

Note: Examples of Work are intended to be cumulative for each progressively higher level of work. The omission of specific statements does not preclude management from assigning other duties which are reasonably within the scope of the duties.

Basic

- Employees in this Role provide direct nutrition services to clients including nutrition screening and assessment based on program guidelines, client education and management of records; collaborate and coordinate with other organizations within the community. Under the direction of a dietitian, employees assist in food and nutrition program in the department of dietetics to meet nutritional requirements.

Recommended Education and Experience for Full Performance*

Associates Degree in Food Science, Nutrition, Dietetics, Home Economics, Family and Consumer Science or other Health degree with a minimum of nine (9) semester hours in Food Science or Nutrition and four (4) years of experience in Food Service, Dietetics or other health field.
