The Talent Acquisition Center of Excellence is one of six Centers of Excellence within the State Personnel Office.

The COE provides technical expertise in addressing the processes related to recruiting and hiring employees.

Talent Acquisition offers the following:

- Technical expertise, support and assistance to agencies with the processes related to advertising and recruiting for open positions
- Support and guidance for sourcing external talent
- Guidance regarding on-boarding and off-boarding employees
- Guidance in creating requisitions for open positions
- Monitoring of applications submitted
- Training, guidance and support in the utilization of the current hiring system

New and innovative recruitment programs include:

- Internships
- Job Shadow Day
- Real World Working Challenge
