

## **TO REQUEST TRAINING:**

The State Personnel Office (SPO) Training and Employee Development Center of Excellence (TED) provides statutory, mandatory and ongoing professional trainings to all state agencies, boards and commissions.

The TED calendar is accessible through the SPO website and offers direct, individual registration for any listed trainings; the calendar also provides agencies the opportunity to request the scheduling of additional, site-specific trainings in Santa Fe or Albuquerque.

Fourteen individuals are required for the training when an additional training is requested. If the minimum participant requirement is not met, other agencies can be invited to attend to reach or exceed this minimum.
